**OWNER'S MANUAL
KNEEBOARDS**

CONNELLY®

**IMPORTANT WARNING INFORMATION
PLEASE READ CAREFULLY**

OPERATOR'S MANUAL: KNEEBOARD

WARNING

Use of this product and participation in the sport involves inherent risks of injury or death. To reduce risk: • Kneeboard strap should not be used by small children or inexperienced riders. • Riders who fall can be caught in the strap, trapped under water and drowned. • Kneeboard in control. Do not use at speeds that exceed the skills of the rider. Too slow is better than too fast. All riders should be towed at boat speeds that allow for reasonable control and stability. • Attempting land or dock starts can increase the risk of injury or death. **USE ONLY ON WATER.** • Do not ride in shallow water or near shore, docks, pilings, swimmers or other boats. • Always wear a U.S. Coast Guard approved Type III (PFD) Life Jacket. • Always Read Operator's Manual before use.

KNEEBOARD STRAP: ON PRODUCT WARNING

DANGER

THIS STRAP MAY NOT RELEASE IN A FALL. THE RIDER MAY BECOME TRAPPED UNDER WATER, WHICH MAY RESULT IN SERIOUS INJURY OR DROWNING. USE AT YOUR OWN RISK. WATERCRAFT DRIVER MUST RETURN TO FALLEN KNEEBOARDER IMMEDIATELY. RIDER SHOULD PRACTICE RELEASING FROM STRAP BEFORE USE.

PRODUCT INSTRUCTIONS AND WARNINGS

Watersports can be safe and fun for all levels of enthusiasts. The Operator's Manual is presented to enhance your enjoyment of the sport. It is intended to alert you to some of the potentially dangerous conditions that can arise in all watersports. To reduce your risk of injury or death, follow these guidelines: • Strap should be adjusted for a snug, not tight, fit. • Inspect kneeboard, fins and straps for loose screws, wear, cracks, delamination or tearing prior to each use. • Fins (if provided) are designed for slalom maneuvers only. Do not use fins in down position for tricks.

WATERSPORTS SAFETY CODE

Watersports are fun and challenging but involve inherent risks of injury or death. To increase your enjoyment of the sport and to reduce your risks, use common sense and follow these rules:

Before you start:

• Familiarize yourself with all applicable federal, state and local laws, the risks inherent in the sport and the proper use of the equipment. • Know the waterways. • Always have a person other than the driver as an observer. • Skier/rider, observer and driver must agree on hand signals. • Never start out until skier/rider signals he/she is ready. • Carbon Monoxide (CO) poisoning from engine exhaust may cause injury or death. Do not sit on the boat transom or boarding platform while the engine is running. These activities may lead to excessive CO exposure which may cause injury or death. If you can smell engine exhaust while in the boat, do not stay seated in that position for prolonged periods. Never "Platform Drag" by holding onto the boarding platform or be dragged directly behind the boat. An improperly tuned engine will produce excessive exhaust. Have your engine checked and corrected by a mechanic. Changing boat speed or direction relative to the wind can reduce or increase boat exhaust from accumulating near the boat and rider. Consult your boat Owners Manual, or the United States Coast Guard's website: www.uscgboating.org for more information on how to

help protect others and yourself from the dangers of CO poisoning. • Use caution and common sense. • Do not exceed the weight guidelines of your boat. Only use water ballast and people for additional weight. Do not allow passengers to hang outside the boat or sit on the gunwales outside the normal seating area of the boat. Uneven weight distribution or additional weight may affect the handling of the boat. Never allow water to overflow the gunwales of your boat.

Your equipment and your tow rope:

• Inspect all equipment prior to use. Check bindings, fins, tube and attachment point, and flotation device prior to each use. Do not use if damaged. • Always wear a U.S. Coast Guard Type III (PFD) Life Jacket. • Rope should be attached to the watercraft in an approved fashion with hardware designed for towing. Refer to your watercraft manual for instructions on proper tow rope attachment. • Tow ropes stretch during use. If a rope breaks or is suddenly released, it can snap back into the watercraft. Warn all riders, skiers and occupants of the danger of rope recoil. • When in the boat, keep away from the tow rope to avoid injury. Passengers can be hit, or become entangled in the rope. • Inspect tow rope and its attachments before using. Do not use tow rope if frayed, knotted or damaged. Replace when signs of excessive deterioration are indicated by discoloration, broken filaments, unraveling or other obvious signs of wear on the rope or hardware. • Use proper tow rope for the activity. • Ensure tow rope is clear of all body parts prior to starting out or during use. • Keep persons and ropes away from propeller when engine is running, even in neutral. Should rope become entangled in propeller, **SHUT OFF ENGINE AND REMOVE IGNITION KEY BEFORE RETRIEVING ROPE.**

When you ski or ride:

• Attempting land or dock starts can increase the risk of injury or death. **USE THIS PRODUCT ONLY ON WATER.** • Always remove any slack in the rope between watercraft and skier/ rider before starting. Sudden shock loads may cause injury to skier/rider or failure of rope, resulting in snap-back or breakage. • Do not ski or ride in shallow water, near shore, pilings, docks, rafts, swimmers, other boats or other obstacles. Such obstacles are examples of risks that are inherent in the sport. • The driver and skier/rider must watch for and be able to stop or turn to avoid obstacles. • Always ski or ride in control and at speeds appropriate for your ability. Ski or ride within your limits. Do not ski or ride over ramps or jumps without prior instruction. • Falling and the injuries that may result are inherent risks in the sport. • Use a flag to signal to others that a skier or rider is in the water. • Driver must use extra caution approaching a fallen skier/rider and keep eye contact on fallen skier/rider at all times. • Put the boat in neutral when near a fallen skier/rider. Turn the engine off when people are getting into or out of the boat, or in the water near the boat. • Never operate watercraft, ski or ride under the influence of alcohol or drugs.

THE WARNINGS AND PRACTICES SET FORTH ABOVE IN THE WATERSPORTS SAFETY CODE REPRESENT SOME COMMON RISKS ENCOUNTERED BY USERS. THE CODE DOES NOT PURPORT TO COVER ALL INSTANCES OF RISK OR DANGER. PLEASE USE COMMON SENSE AND GOOD JUDGMENT.

Please contact us if you have any questions on the proper selection, function, or safe use of this product.

LIMITED LIFETIME WARRANTY

2 YEAR LIMITED WARRANTY: All Connelly kneeboards are warranted to be free of defects in materials and workmanship for a period of two years. *Excluded in the limited warranty is damage due to misuse, improper care, handle impact damage and bottom abrasions.

LIFETIME LIMITED WARRANTY: If any Connelly kneeboard fails due to defective materials or workmanship after the original warranty period, it will, at manufacturer's option, be replaced at one half the current retail price, or repaired at cost. This limited lifetime warranty is in effect for as long as the original owner keeps the kneeboard. It is not transferable. Damage due to misuses or improper care is excluded.

HOW TO OBTAIN WARRANTY PERFORMANCE: To obtain repair or replacement, call Connelly customer service for a return authorization number. Attach to the product your name, address, description of problem, phone number and proof of date of purchase. Warranty service will be done only at the Connelly factory in Lynnwood, and service to that point must be prepaid by the kneeboard owner. Connelly will return all kneeboards covered under the two year warranty, freight prepaid, by the method of their choice, at no charge to the owner. Under the Limited Lifetime Warranty the kneeboard owner will pay freight both ways, to the factory for repair or exchange and back to the ski owner. Kneeboards returned under this limited warranty will be replaced or repaired at the option of the Connelly factory. To the extent any provision of this warranty is prohibited by federal, state or municipal law, and cannot be preempted, it shall be applicable. This warranty gives you specific legal rights and you may also have other rights which vary from state to state. All Connelly kneeboards must be purchased from an authorized Connelly dealer for warranty to be validated.

Keep Warranty for your records (Cut along dotted line)
